PURCHASING NEW SECURITIES

6. PLEASE ADVISE US HOW YOU WISH TO PROCEED

Because securities have different settlement times – some securities take longer to sell than others – we will receive the proceeds of the sales you have instructed us to carry out in point 8 at differing times. We therefore need you to tell us how you would like to proceed. If, after reviewing the below options you are unsure of how to proceed, please speak to your financial adviser.

PLEASE INDICATE YOUR PREFERRED OPTION

Unless the option box below is checked the Broker will BUY the new securities as soon as each individual sale is completed and the monies received

(Buying securities in chunks as the proceeds from each of your SELL instructions becomes available means that you will get into the market more quickly however this method is likely to generate more fees – such as transaction fees and bank fees – due to the increased number of individual deals that will need to be processed)

☐ Wait until all of the SELL instructions are completed and the monies received before purchasing the new securities listed

(This option means waiting until all proceeds are received which can delay the purchase of new securities and therefore delay your entry into the market)

If the sale or purchase of a particular security specified in point 8 is not feasible due to reasons beyond the Broker's control, the Broker will advise the Client via the e-mail address specified in the Agreement requesting supplementary instructions (i.e. whether to change or cancel the instruction).

In the event that the Broker receives the requested supplementary instructions (a change or a cancellation of the instruction) the Broker shall execute or forward these instructions providing it is technically and legally possible to do so.

FEES

7. PLEASE INSTRUCT US AS TO HOW YOU WOULD LIKE TO PAY THE FEES CONNECTED WITH THESE SWITCHES (e.g. transaction fees, bank fees) ("Fees")

Please select one of the two options below regarding fee deductions:

☐ By checking this box you are indicating that you would like us to deduct the Fees from the existing cash on the investment account on which the Instruction is being executed.

☐ By checking this box you are indicating that you would like us to deduct the Fees from the dealing amount on the investment account on which the Instruction is being executed. (Please note that this will result in the dealing amount being lower).

Please note

- If existing cash on your investment account is not enough to cover the Fees the Broker will take the full amount owed from the sale of the securities
- If the Fees are charged in a different currency to that of the existing cash on your investment account the Broker will, at its own discretion, deduct a currency equivalent amount in order to pay the Fees
- Other expenses, for example external Securities Charges, third party brokerage, custody, delivery of Securities and bank transfer Fees will be charged if applicable. The Broker cannot confirm that any applicable third-party fees for trades will be deducted from the existing cash in the investment account.

8. SWITCH INSTRUCTIONS

Please list the individual securities you would like to **SELL** in the purple section of the tables below. This could be cash. If you are switching from cash please write 'Cash' along with the currency in the Name field.

In the blue section please tell us what you wish to **BUY** with the proceeds. If you are switching to cash please write 'Cash' along with the currency in the Name field. If you are selling a security that is held across multiple accounts, please use the orange section to tell us the amount that is to be sold from each account. *Extra tables are available on request.*

Please ensure that the **total percentage adds up to 100%**. The **amount entered** for each purchase must correspond to the **percentage allocated**. For example, if you allocate 50% to a specific security, the amount entered should reflect 50% of the total proceeds.

NOTE TO EXECUTABLE QUANTITY:

By signing or submitting this Order, the Client expressly instructs and authorises the Broker, solely for the purpose of determining the executable quantity, as follows:

(a) Where the Client submits a Buy or Sell Order by reference to a monetary amount rather than a quantity, and the relevant Financial Instrument may be traded only in whole units, standard lots or other prescribed trading increments, the Broker shall convert the instructed monetary amount into an estimated quantity by reference to any limit price specified in the Order or, in the case of a market order, the prevailing indicative market price at the time the Order is processed. The Broker shall round such quantity down to the nearest quantity permitted by the relevant execution venue or executing broker and shall execute, or transmit for execution, the Order in the resulting quantity without obtaining a further instruction from the Client.

(b) Where the Client submits an Order specifying a fractional quantity, or any other quantity that does not conform to the trading increments permitted by the relevant execution venue or executing broker

the Broker shall round the instructed quantity down to the nearest permitted trading increment and shall execute, or transmit for execution, the Order in the resulting quantity without obtaining a further instruction from the Client.

The Broker shall not round the quantity upwards and shall not disregard any price limit or other specific instruction given by the Client. The Client acknowledges that the actual transaction value may be lower than, or otherwise differ from, the instructed monetary amount as a result of such rounding, movements in the execution price, foreign-exchange rate movements and any applicable fees, charges or taxes, as determined in accordance with the Agreement.

Any resulting residual cash or any remaining unexecuted quantity of the relevant Financial Instrument shall remain in the Client's account, as applicable. If the rounding would result in a zero executable quantity, or if the Order cannot otherwise be executed, the Broker shall reject the affected Order or the affected part thereof, promptly notify the Client and request a new or supplementary instruction.
