NOTE TO EXECUTABLE QUANTITY:

By signing or submitting this Order, the Client expressly instructs and authorises the Broker, solely for the purpose of determining the executable quantity, as follows:

(a) Where the Client submits a Buy or Sell Order by reference to a monetary amount rather than a quantity, and the relevant Financial Instrument may be traded only in whole units, standard lots or other prescribed trading increments, the Broker shall convert the instructed monetary amount into an estimated quantity by reference to any limit price specified in the Order or, in the case of a market order, the prevailing indicative market price at the time the Order is processed. The Broker shall round such quantity down to the nearest quantity permitted by the relevant execution venue or executing broker and shall execute, or transmit for execution, the Order in the resulting quantity without obtaining a further instruction from the Client.

(b) Where the Client submits an Order specifying a fractional quantity, or any other quantity that does not conform to the trading increments permitted by the relevant execution venue or executing broker

the Broker shall round the instructed quantity down to the nearest permitted trading increment and shall execute, or transmit for execution, the Order in the resulting quantity without obtaining a further instruction from the Client.

The Broker shall not round the quantity upwards and shall not disregard any price limit or other specific instruction given by the Client. The Client acknowledges that the actual transaction value may be lower than, or otherwise differ from, the instructed monetary amount as a result of such rounding, movements in the execution price, foreign-exchange rate movements and any applicable fees, charges or taxes, as determined in accordance with the Agreement.

Any resulting residual cash or any remaining unexecuted quantity of the relevant Financial Instrument shall remain in the Client's account, as applicable. If the rounding would result in a zero executable quantity, or if the Order cannot otherwise be executed, the Broker shall reject the affected Order or the affected part thereof, promptly notify the Client and request a new or supplementary instruction.

We therefore need you to tell us how you would like to proceed. If, after reviewing the below options you are unsure of how to proceed, please speak to your financial adviser.

Unless the option box below is checked the Broker will make a payment after each individual sale is completed and the monies received.

(Please note that the Withdrawal fee for each withdrawal will be charged as per the Fee schedule)

☐ Wait until all of the SELL instructions are completed and the monies received before making a payment to your account

☐ By checking this box you are indicating that you would like us to deduct the Fees from the existing cash on the Investment Account from which the security is to be sold.

Please note

- If existing cash on your Investment Account is not enough to cover the Fees the Broker will take the full amount owed from the sale of the securities
- If the Fees are charged in a different currency to that of the existing cash on your Investment Account the Broker will, at its own discretion, deduct a currency equivalent amount in order to pay the Fees
- Fees will be deducted as a single amount to avoid residual payments across multiple currencies
- The Broker is not responsible for other fees levied by external parties such as 'exit' fees.
