

**1 February 2018**

Dear Shareholder,

## **Schroder International Selection Fund – UK Opportunities**

The board of directors of Schroder International Selection Fund (the "Company") has decided to change the investment policy of Schroder International Selection Fund – UK Opportunities (the "Fund") with effect from 1 March 2018 (the "Effective Date").

The Fund's investment policy currently states that the Fund invests two-thirds of its assets in equity and equity related securities of large and mid-sized companies. The reference to 'large and mid-sized companies' will be removed and the Fund will have the flexibility to invest across all market capitalisations within the defined geographical areas.

The Fund's investment objective and policy, which is contained in the Company's prospectus, is being changed from:

### **"Investment objective**

The Fund aims to provide a total return of capital growth and income by investing in equity and equity related securities of companies listed in the UK.

### **Investment Policy**

The Fund may invest at least two-thirds of its assets in equity and equity related securities of large or mid-sized companies listed in the UK. These are companies which, at the time of purchase, are considered to be in the top 90% by market capitalisation of the UK equities market. As the Fund is index-unconstrained it is managed without reference to an index.

The Fund may use derivatives with the aim of achieving investment gains, reducing risk or managing the Fund more efficiently. The Fund may also invest in money market instruments and hold cash."
