Dear Unitholder,

Re: Proposed Merger of Allianz Emerging Markets Bond Fund, a sub-fund of Allianz Global Investors Fund VII, and Allianz Emerging Markets Sovereign Bond Fund, a sub-fund of Allianz Global Investors Fund

We are writing to you to ask that you consider a proposal to merge Allianz Emerging Markets Bond Fund (the "**Merging Fund**"), a sub-fund of Allianz Global Investors Fund VII (the "**Trust**"), a UCITS authorised by the Central Bank of Ireland, with Allianz Emerging Markets Sovereign Bond Fund (the "**Receiving Fund**"), a sub-fund of Allianz Global Investors Fund (the "**SICAV**"), a UCITS authorised by the Commission de Surveillance du Secteur Financier ("**CSSF**") in Luxembourg.

The purposes of this Circular are to describe the proposed scheme of merger (the "**Scheme**"), to highlight key dates/next steps and to invite you, by means of a notice in Appendix I hereto (the "**Notice**"), to participate at an extraordinary general meeting ("**EGM**") of the Unitholders of the Merging Fund, convened to resolve upon the Scheme.

The details of the Scheme and our recommendation to effect the Scheme are set out in further detail in Sections 1 to 6 below. There are six points, in particular, we would like to draw all Unitholders' attention to:

- (i) **If the Scheme is approved by the EGM, all subscriptions, switches and redemptions relating to the Units will be suspended starting from the Final Subscription Cut-Off Point or the Final Redemption Cut-off Point, as appropriate, up until the Effective Date (inclusive).** This suspension will facilitate the calculations and confirmations required in relation to the implementation of the Scheme. Therefore, Unitholders who do not wish to participate in the proposed Scheme may redeem their Units in the Merging Fund without charge from the date of the notification of the outcome of the meeting up until the Final Redemption Cut-Off Point. Redemptions will be carried out in accordance with the terms of the Merging Fund's Prospectus.
- (ii) Unitholders can vote in person at the meeting or by using the Proxy Form (included in Appendix I). **Unitholders intending to vote by proxy should please note that a duly completed Proxy Form must be returned to the offices of the company secretary of the Manager, Carne Global Financial Services Limited, 2nd Floor, Block E, Iveagh Court, Harcourt Road, Dublin 2, Ireland, marked for the attention of Aisling McCormack/Kyle Richardson (or email to carnecosec@carnegroup.com) by no later than 11:30 am (Irish time) on 29 July 2019 to be considered.** For corporate entity Unitholders, any representative attending and voting at the EGM on your behalf must provide a letter of representation. A template letter of representation is included in Appendix I.
- (iii) In the event that Unitholders **do not pass the resolution to approve the Scheme (the "**Resolution**")**, the proposal to amalgamate the Merging Fund with the Receiving Fund will not proceed and, accordingly, the Merging Fund will resume the processing of subscriptions, redemptions and switching requests as described in the Prospectus on the next dealing day following the notification of the outcome of the EGM.
- (iv) In the event that Unitholders **do pass the Resolution** by a 75% majority of the votes cast by Unitholders in person or by proxy at the EGM, the Merging Fund will continue dealing as specified above until the Final Subscription Cut-off Point or the Final Redemption Cut-Off Point, as appropriate, (therefore

Unitholders will have the option to redeem their Units until the Redemption Cut-Off Point, as noted above). In the event that the Resolution is passed, all Unitholders shall become shareholders of the Receiving Fund as of the Effective Date.

- (v) Unitholders who vote against the Scheme but do not redeem, and Unitholders who do not take any action, should note that, if the Scheme is approved at the EGM, **Units in the Merging Fund will cease to have any value and will be cancelled on the Effective Date** and all Unitholders will be issued with New Shares, becoming investors in the Receiving Fund.
- (vi) As confirmed above, the Effective Date will be 30 October 2019 or such later date as may be determined by the Directors and approved by the Central Bank which will be notified to the Unitholders in writing. In the event that the Directors approve a later date, they may also make such consequential adjustments to the other elements in the timetable of the Scheme as they consider appropriate.

1 Background to and Rationale for the Scheme

The Directors of the Manager and the Board of Directors of the SICAV have approved the proposal of Allianz Global Investors GmbH, the Investment Manager of the Merging and Receiving Fund, to merge the Merging Fund and the Receiving Fund. This will streamline the product offering in the fixed income space and offer investors the opportunity to keep invested in an attractive strategy within the product category.

The Scheme will also result in better economies of scale in the long term and greater levels of operational efficiency, both of which should lead to longer term cost savings for Unitholders. Moreover, higher levels of operational efficiency will likely be realised as a consequence of reduced operational and administrative burden. It is also expected that the Scheme will result in a greater number of distribution opportunities for the Receiving Fund, which would increase subscriptions and ensure economies of scale and greater unitholder diversification.

2 Details of the SICAV and the Receiving Fund

2.1 SICAV

The SICAV was incorporated for an unlimited period under the name DRESDNER GLOBAL STRATEGIES FUND as a *société anonyme* under the laws of the Grand Duchy of Luxembourg and qualifies as an open-ended *société d'investissement à capital variable* under part I of the Law. The SICAV changed its name to Allianz Dresdner Global Strategies Fund on 9 December 2002 and to Allianz Global Investors Fund on 8 December 2004.

Copies of the latest SICAV Prospectus, annual reports and articles of association of the SICAV, together with the KIID of each share class of the Receiving Fund, are available on <https://regulatory.allianzgi.com>.

It is recommended that Unitholders read, in particular, any relevant KIID(s) of the Receiving Fund. A copy of each KIID for the Receiving Fund is included in Appendix IV.

2.2 Service providers of the SICAV

(a) The SICAV Depositary

State Street Bank Luxembourg S.C.A. is the depositary for the assets of the SICAV (the "SICAV Depositary"). The SICAV Depositary was incorporated as a société anonyme under the laws of Luxembourg on 19 January 1990. On 31 December 2017, its paid up share capital amounted to €65.0 million.

(b) The SICAV Registrar and Transfer Agent

State Street Bank Luxembourg S.C.A. is the registrar and transfer agent of the SICAV (the "SICAV Registrar and Transfer Agent").

(c) The Investment Manager

The SICAV has appointed Allianz Global Investors GmbH as investment manager of the Receiving Fund. The same investment manager has been appointed by the Company as the investment manager of the Merging Fund.

(d) The Auditor

PricewaterhouseCoopers Société cooperative has been appointed auditor of the SICAV.

2.3 Key differences and similarities between the Merging Fund and the Receiving Fund

A schedule of the principal similarities and differences between the Merging Fund and the Receiving Fund is attached as Appendix III to this Circular.

(a) Investment Objective and Policy

The investment objective of the Receiving Fund is materially identical to that of the Merging Fund.

(b) Risk Profile

Investment in the Receiving Fund is considered to be of similar risk to investment in the Merging Fund – in particular, each of the Receiving Fund and the Merging Fund has a synthetic risk and reward indicator (a general indication concerning the overall level of risk of the fund) of 4, as disclosed within the relevant KIID(s).

The general risk factors for the Merging Fund and the Trust (outlined in the Prospectus for the Trust and the KIID(s) for the Merging Fund, which are available on <https://regulatory.allianzgi.com>) and the general risk factors for the Receiving Fund and the SICAV (outlined in the Prospectus for the SICAV and the KIID(s) for the Receiving Fund, which are available on <https://regulatory.allianzgi.com>) are materially similar.

(c) Form and types of holdings

Under the terms of the Scheme, the holders of Units in the Merging Fund will be issued with New Shares in the Receiving Fund. It is proposed that Unitholders of each specific class of Units in the Merging Fund will receive New Shares of the corresponding New Share class as per the table below.

(d) Fees

Unitholders should be aware of the fees payable in respect of the Merging Fund and Receiving Fund which are set out at Appendix III hereto.

(e) Subscriptions, redemptions and closures

The procedures which apply to matters such as dealing, subscription, redemption, switching and transferring of units as well as the investment restrictions and method of calculating the net asset value, are materially identical between the Merging Fund and the Receiving Fund.

The circumstances in which the Trust and the SICAV and / or the Receiving Fund may be terminated and wound up are set out below. The circumstances in which Units in the Merging Fund may be compulsorily redeemed are also set out below.

(i) Winding up the Company / Compulsory redemption of Units in the Merging Fund

All of the Units in the Merging Fund or a class thereof may be redeemed by the Company in the following circumstances: (i) if the Trust is no longer legal or in the opinion of the Management Company it is impractical, inadvisable or no longer in the best interests of Unitholders to continue the Trust, taking into account its expenses, the aggregate size of the Trust and any other factors considered relevant by the Management Company; (ii) if the Trust is no longer authorised as a UCITS pursuant to the UCITS Regulations; or (iii) if the Trustee has sent notice of its intention to resign and no successor trustee has been appointed within 90 days of the service of such notice. The Trustee is authorised to terminate the Trust where the Management Company's appointment as manager is terminated in the circumstances outlined previously.

(ii) Winding up the Receiving Fund

If the assets of the Receiving Fund fall below the amount that the Board of Directors of the SICAV considers to be a minimum amount for the economically efficient management of the Receiving Fund, or if the Receiving Fund does not reach this minimum amount or if a substantial change in the political, economic or monetary situation arises, the Board of Directors of the SICAV may force redemption of all Shares in the Receiving Fund affected at the net asset value per Share on the dealing day following the day on which this decision by the Board of Directors of the SICAV enters into force (while taking into account the actual prices achieved and the necessary costs of disposal of the assets).

The SICAV must inform the shareholders in the Receiving Fund in writing of the reasons and the redemption procedure before the mandatory redemption enters into force: registered shareholders in the Receiving Fund will be notified in writing; holders of bearer Shares will be informed through publication of a notice in newspapers to be determined by the Board of Directors of the SICAV or in electronic media as determined in the prospectus if the SICAV does not know the names and addresses of the shareholders. If no other decision is made in the interest of or for purposes of equal treatment of the shareholders, the shareholders in the Receiving Fund affected may request the redemption or conversion of their shares at no charge before the date of the mandatory redemption (while taking into account the actual prices achieved and the necessary costs of disposal of the assets).

Under the same circumstances as provided above, the Board of Directors of the SICAV may decide to force redemption of all shares in any share class.

(f) Dividend Policies applicable to the Merging Fund and the Receiving Fund

Both the Merging Fund and the Receiving Fund declare dividends in respect of certain unit/share class and the Merging Fund will not distribute any income for the distributing unit classes for the period running from the last distributing date to the Effective Date, such accrued income will be considered when calculating the exchange ratio on the Effective Date.

(g) Reports and accounts

Copies of the accounts of the Trust and the SICAV are available online at <https://regulatory.allianzgi.com>.

If the Resolution with respect to the Merging Fund, as set out in the Notice, is passed, Unitholders will receive their first set of reports and accounts for the SICAV for the period ending on 30 September 2019 and their first set of unaudited interim accounts for the Allianz Global Investors Fund for the period ending on 31 March 2020.

(h) Unitholder rights

There will be no material difference between the rights of Unitholders with respect to the Merging Fund before the Scheme and their rights with respect to the Receiving Fund after the Scheme.

3 The Scheme

3.1 Basis of the Scheme

An EGM of Unitholders is being convened for 31 July 2019. The Notice is set out in Appendix I hereto and contains the text of the Resolution required to effect the Scheme.

If the Resolution, as set out in the Notice, is passed, Unitholders will become holders of New Shares corresponding to their Units, as set out above and will be able to exercise their rights as shareholders of the Receiving Fund as and from the Effective Date. The number of New Shares to be issued to each Unitholder will be determined using an exchange ratio calculated in accordance with the below formula.

$$S = \frac{R \times NAV}{SP}$$

where:-

- S = the number of New Shares in the Receiving Fund that will be issued;
- R = the number of Units held by the Unitholder in the Merging Fund on the Effective Date;
- NAV = the Net Asset Value per Unit of the relevant Unit Class in the Merging Fund calculated as at the Valuation Point on the Effective Date, calculated in accordance with the Trust Deed; and
- SP = the initial issue price per New Share of the relevant New Share Class in the Receiving Fund.

Unitholders will receive such number of New Shares as calculated in accordance with the exchange ratio above.

The issue of New Shares in the Receiving Fund in exchange for Units of the Merging Fund will not be subject to any charge. The value of the holding of New Shares which a Shareholder will receive under the Merger will equal the value of their holding of Existing Units immediately prior to the Effective Time.

Under the proposed Scheme, the auditors of the Receiving Fund will be entrusted to validate the following:

- (i) whether the statements of assets and liabilities of the Merging Fund and Receiving Fund as of the date for the calculation of the exchange ratio have been prepared in accordance with the valuation criteria selected by the Directors and set down in the UCITS Regulations and the Luxembourg Law;
- (ii) where applicable, the cash payment per share; and
- (iii) the calculation method of the exchange ratio as well as the actual exchange ratio determined at the date for calculating that ratio, as referred to in the UCITS Regulations.

A copy of the report of the auditors of the Receiving Fund will be made available on request and free of charge to Unitholders of the Merging Fund and Shareholders of the Receiving Fund.

On the Effective Date the value of all ascertainable and known outstanding liabilities of the Merging Fund will be calculated. These liabilities generally comprise fees and expenses which have accrued and are or will be reflected in the net asset value per Unit.

On or immediately after the Effective Date, the Trust's Trustee will transfer the assets of the Merging Fund to the SICAV Depositary, to be held for and on behalf of the Receiving Fund.

Details on the register of Unitholders and any documents of title of the Merging Fund will be transferred to the SICAV Registrar and Transfer Agent on or shortly after the Effective Date. Neither the Merging Fund nor the Receiving Fund issues physical share or unit certificates and accordingly no physical share or unit certificates will be issued for the New Shares. However, if the Resolution is passed, Unitholders will receive a statement indicating the results of the vote by Unitholders at the EGM. Where the resolution is passed other than unanimously, this statement will be issued at least 14 calendar days prior to the Effective Date. Additionally, Unitholders who do not redeem their Units prior to the Effective Date will receive a statement confirming ownership of their holding of New Shares. This statement will be despatched to New Shareholders within 5 Business Days of the Effective Date.

If the Scheme is approved by Unitholders in the Merging Fund, the Merging Fund shall cease operations on the first Business Day following the Effective Date. Following this date, the Manager will fully wind-up all the affairs of the Merging Fund in accordance with the terms of the Trust Deed and the requirements of the Central Bank.

Thereafter, the Central Bank will be requested to revoke the approval of the Merging Fund.

In summary, therefore, in order to implement the Scheme, the following actions must be completed in relation to/by the Merging Fund:

- passing of the Resolution by Unitholders in the EGM to approve the Scheme, as set out in Appendix I to this Circular;
- the execution of the common terms of merger between the Manager, on behalf of the Merging Fund, and the SICAV, on behalf of the Receiving Fund;
- implementation of the transfer of the net assets of the Merging Fund, whereby the legal title to all assets in the Merging Fund at the Effective Date, will be transferred from the Trust's Trustee to the SICAV Depositary for and on behalf of the Receiving Fund and completion of the delivery and / or transfer of the legal title of the assets shall take place as soon as practicable on or following the Effective Date;
- issue of New Shares to Shareholders and cancellation of the Units; and
- following the implementation of the Scheme, the settlement of all liabilities of the Merging Fund, if any, by the Manager and the Trust's Trustee and the revocation by the Central Bank of its approval of the Merging Fund.

3.2 Verification

Unitholders should note that as part of the implementation of the Scheme, the Trust's Administrator (as administrator of the Merging Fund) will provide to the SICAV Registrar and Transfer Agent (as administrator of the Receiving Fund) details of the Unitholders, including all relevant documentation received from or in relation to each Unitholder. This includes, without limitation, client identification and anti-money laundering documentation. Notwithstanding this, Unitholders may be required to verify their identity in accordance with applicable anti-money laundering requirements for the purpose of being entered on the register of the Receiving Fund as the holder of New Shares.

3.3 Taxation

Unitholders should consult their own professional advisers as to the tax implications of the merger under the laws of the countries of their nationality, residence, domicile or incorporation. Unitholders should note that their tax position may be affected as a result of the proposed merger.

3.4 Cost of the Scheme

Neither the Merging Fund nor the Receiving Fund will bear the legal, advisory or administrative costs of the Merger. The Merging Fund will bear transaction costs resulting from any repositioning of the Merging Fund prior to the Merger. As the investment objective and policies of the Merging Fund and the Receiving Fund are similar, and the portfolio of assets of the Merging Fund comprises eligible assets for the purposes of the portfolio of assets which can be held by the Receiving Fund, it is not expected that any repositioning of the portfolio of the Merging Fund will be required before the Merger can become effective.

4 Procedure

The implementation of the Scheme is subject to the Resolution set out in the accompanying Notice being duly passed as an extraordinary resolution of the Merging Fund as required under the Trust Deed.

In order to be duly considered and approved, the resolving EGM must be attended by Unitholders which represent at least one-tenth in number of the Units in the Merging Fund, entitled to vote upon business to be transacted, present in person or by proxy. In view of the importance of these matters, the Chairman of the EGM will demand that a poll be taken. To be passed as a special resolution, the Resolution must be carried by a vote in favour of the Resolution by a majority (50% or above) of the total number of Units represented in person or by proxy at that EGM. On a poll, every Unitholder who is present in person or by proxy shall have one vote for every Unit of which he is the Unitholder. If, within half an hour from the time appointed for an EGM, a quorum is not present, the EGM will be adjourned and, if at such adjourned meeting a quorum is not present within half an hour from the time appointed for holding the meeting, the Unitholders present at that second EGM / adjourned meeting shall be a quorum. The notice set out in Appendix I shall be deemed to constitute due notice of any such second EGM / adjourned meeting.

If the Resolution is passed and you do not redeem your Units, your Units shall cease to be of any value or effect on the Effective Date (subject to the terms of the Scheme) and you will become the owner of New Shares on the Effective Date. In addition, Unitholders who do not vote, or vote against the Scheme, and do not redeem their holdings in the Merging Fund will become shareholders of the Receiving Fund on the Effective Date. The Merging Fund will cease operations on the Effective Date.

Units in the Merging Fund will continue to be issued on any Business Day in accordance with the terms of the Trust Deed and Prospectus until the Final Subscription Cut-Off Point. Units in the Merging Fund will continue to be redeemed on the usual dealing days in accordance with the terms of the Trust Deed and Prospectus until the Final Redemption Cut-Off Point. In the event that subscription, redemption or switch requests are received for the Merging Fund after the Final Subscription Cut-Off Point or the Final Redemption Cut-Off Point, as appropriate, such requests will be suspended. If the Resolution is not passed, such requests will be processed as deals in the Merging Fund on the next dealing day as described in the Prospectus. If the Resolution is passed, suspended subscription, redemption or switch requests will be rejected and the Directors will take steps to cease operations of the Merging Fund after

the Effective Date. The issue and redemption prices of the Receiving Fund are or will be available from the SICAV Registrar and Transfer Agent and published daily on www.Bloomberg.com.

5 Documents available for inspection

Copies of the following documents are available on <https://regulatory.allianzgi.com>:

- Trust Deed of the Trust;
- Prospectus of the Trust;
- SICAV Prospectus for the Receiving Fund;
- KIIDs for the Merging Fund and the Receiving Fund;
- Articles of association of the SICAV; and
- Financial statements for the Trust and the SICAV prepared on an annual and semi-annual basis.

A copy of the report of the auditors of the Merging Fund on the terms and conditions of the Scheme, once available, will be provided to Unitholders on request by emailing reports.ireland@allianzgi.com.

6 Recommendation and action to be taken

In light of the above, the Directors of the Manager are of the opinion that it would be in the best interests of Unitholders to approve the Scheme and to exchange their Units for New Shares in the Receiving Fund. Accordingly, the Directors of the Manager are proposing that the Merging Fund will enter into the Scheme with the Receiving Fund which, if approved by Unitholders, will result in those Unitholders directly holding New Shares in the Receiving Fund and the Merging Fund being terminated.

Having regard to these reasons, we recommend the Scheme for your approval and urge you to vote in favour of the Resolution set out in the Notice at Appendix I.

It is important that you exercise your voting rights in respect of the EGM by completing and returning your enclosed Proxy Form, so that it will arrive at the offices of the company secretary of the Manager, Carne Global Financial Services Limited, 2nd Floor, Block E, Iveagh Court, Harcourt Road, Dublin 2, Ireland, marked for the attention of Aisling McCormack / Kyle Richardson or email to carnegosec@carnegroup.com by no later than 11:30 am (Irish time) on 29 July 2019.

In the case of a second EGM / adjourned meeting, such documents should be deposited at the offices of the company secretary of the Trust two days before the second EGM / adjourned meeting. Submission of a Proxy Form will not preclude you from attending and voting at the EGM(s) in person should you wish to do so.

Should you have any queries, please contact your relationship manager.

Yours sincerely

Special resolution	For	Against
Accept the proposal to merge the Merging Fund with the Allianz Emerging Markets Sovereign Bond Fund , a sub-fund of Allianz Global Investors Fund, in accordance with the terms set out in the notice of extraordinary general meeting of the Merging Fund dated 01 July 2019 (including the resolution set out in detail therein).		

Signature of Unitholder: _____ Date: _____

Explanatory notes

1. A Unitholder must insert his full name and registered address in type or block letters. In the case of joint accounts the names of all holders must be stated.
2. If it is desired to appoint some other person as proxy, the name of the proxy must be inserted in the space provided.
3. The Proxy Form must:
 - (a) in the case of an individual Unitholder be signed by the Unitholder or his attorney;
 - (b) in the case of a corporate Unitholder be given either under its common seal or signed on its behalf by an attorney or by a duly authorised officer of the corporate Unitholder; and
 - (c) in the case of joint holders the vote of the senior who tenders a vote whether in person or by proxy shall be accepted by the exclusion of the votes of the other joint holders and for this purpose seniority shall be determined by the order in which the names stand in the register of members in respect of the joint holding.
4. To be valid this proxy and any power of attorney under which it is signed must reach the company secretary of the Manager, Carne Global Financial Services Limited, at 2nd Floor, Block E, Iveagh Court, Harcourt Road, Dublin 2, Ireland by 11.30 am (Irish time) on 29 July 2019 for the extraordinary general meeting (or by 11.30 am (Irish time) on 15 August 2019 for the second extraordinary general meeting / adjourned meeting) for the holding of the meeting. Proxy Forms may be returned in the first instance by email to: carnecosec@carnegroup.com. However, the original Proxy Form should be forwarded by mail, to the address set out above.
5. A proxy need not be a unitholder of the Merging Fund but must attend the meeting in person to represent you.

Allianz Global Investors Fund - Allianz Emerging Markets Sovereign Bond Share Class WT (H2-EUR)

Managed by Allianz Global Investors GmbH, part of
Allianz Global Investors

ISIN: LU1958620871
WKN: A2PEX3

Objectives and Investment Policy

Long term capital growth by investing in global emerging bond markets.

Min. 70% of Sub-Fund assets are invested by us in bonds of Emerging Market Countries as described in the investment objective or in bonds issued by countries that are constituents of the JP Morgan EMBI Global Diversified. Max. 30% of the Sub-Fund assets may be invested by us in corporate bonds. Excluded from the aforementioned limit are quasi-sovereigns bonds that are owned more than 50% or guaranteed by the national government of an Emerging Market Country or of a country which is a constituent of the JP Morgan EMBI Global Diversified. Sub-Fund assets may be invested by us in High-Yield bonds bearing a typically higher risk and higher potential of gains, however also bonds that are only rated CC, C or D (Standard and Poor's) may also be acquired by us. Max. 20% of Sub-Fund assets may be invested by us in ABS and/or MBS. Max. 100% Sub-Fund assets may be held in deposits and/or may be invested directly in Money Market Instruments and/or (up to 10% of Sub-Fund assets) in money market funds on a temporary basis for

liquidity management and/or defensive purpose. Max. 20% non-USD Currency Exposure. The duration of the Sub-Fund assets shall be between 1 and 10 years.

Exposure to the base currency of the fund (USD) will be hedged to a large extent against the reference currency of the shareclass (EUR) which reduces the potential risks and limits potential gains from exchange rate movements.

You may redeem shares of the fund usually on each business day.

We reinvest the income into the fund.

Recommendation: the Share Class of the Fund should be held for at least a medium-term investment horizon.

Derivatives may be used to offset exposure to price fluctuations (hedging), to take advantage of price differences between two or more markets (arbitrage) or to multiply gains although it may also multiply losses (leverage).

Risk and Reward Profile

← Typically lower rewards
← Typically lower risk

Typically higher rewards →
Typically higher risk →

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 4 have shown in the past a medium volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 4 might be subject to medium price fluctuations based on the historical volatilities observed.

The following material risks are not fully captured by the risk and reward indicator:

We may invest directly or indirectly a significant portion of the fund into bonds or money markets instruments. If the issuer may fall into insolvency or may suffer economical problems the interest and/or the capital of these assets may not or may not be completely paid and/or the price of the assets may drop.

The fund contains a material proportion of assets which either have a low level of liquidity or which, under certain circumstances, may have a low level of liquidity. As a result, it is possible that these assets cannot be sold or can only be sold at a significant discount. Consequently, a high level of redemptions may lead to an increased risk of redemptions being suspended. For this reason we may not be able to pay your money back, or not immediately, and/or the fund price may fall.

A significant portion of the Fund may be invested in emerging market assets. Emerging markets generally carry greater political, legal, counterparty and operational risk. In exceptional circumstances the Fund may encounter difficulties when buying and selling these investments.

Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges deducted before or after you invest

Entry Charge	0.00%
Exit Charge	0.00%

This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.

Charges taken from the fund over a year

Ongoing Charges	0.58%
-----------------	-------

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges figure shown here is an estimate of the charges. It does not include transaction costs incurred when we buy or sell assets for the fund.

You will find more details about the calculation of the charges by checking the respective part of the prospectus.

Past Performance

We do not yet have performance data for one complete year. Therefore we can not provide a useful indication of past performance to you.

Allianz Global Investors Fund - Allianz Emerging Markets Sovereign Bond Share Class R (H2-EUR)

Managed by Allianz Global Investors GmbH, part of
Allianz Global Investors

ISIN: LU1958620798
WKN: A2PEX2

Objectives and Investment Policy

Long term capital growth by investing in global emerging bond markets.

Min. 70% of Sub-Fund assets are invested by us in bonds of Emerging Market Countries as described in the investment objective or in bonds issued by countries that are constituents of the JP Morgan EMBI Global Diversified. Max. 30% of the Sub-Fund assets may be invested by us in corporate bonds. Excluded from the aforementioned limit are quasi-sovereigns bonds that are owned more than 50% or guaranteed by the national government of an Emerging Market Country or of a country which is a constituent of the JP Morgan EMBI Global Diversified. Sub-Fund assets may be invested by us in High-Yield bonds bearing a typically higher risk and higher potential of gains, however also bonds that are only rated CC, C or D (Standard and Poor's) may also be acquired by us. Max. 20% of Sub-Fund assets may be invested by us in ABS and/or MBS. Max. 100% Sub-Fund assets may be held in deposits and/or may be invested directly in Money Market Instruments and/or (up to 10% of Sub-Fund assets) in money market funds on a temporary basis for

liquidity management and/or defensive purpose. Max. 20% non-USD Currency Exposure. The duration of the Sub-Fund assets shall be between 1 and 10 years.

Exposure to the base currency of the fund (USD) will be hedged to a large extent against the reference currency of the shareclass (EUR) which reduces the potential risks and limits potential gains from exchange rate movements.

You may redeem shares of the fund usually on each business day.

We usually distribute the income of the fund on a yearly basis.

Recommendation: the Share Class of the Fund should be held for at least a medium-term investment horizon.

Derivatives may be used to offset exposure to price fluctuations (hedging), to take advantage of price differences between two or more markets (arbitrage) or to multiply gains although it may also multiply losses (leverage).

Risk and Reward Profile

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 4 have shown in the past a medium volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 4 might be subject to medium price fluctuations based on the historical volatilities observed.

The following material risks are not fully captured by the risk and reward indicator:

We may invest directly or indirectly a significant portion of the fund into bonds or money markets instruments. If the issuer may fall into insolvency or may suffer economical problems the interest and/or the capital of these assets may not or may not be completely paid and/or the price of the assets may drop.

The fund contains a material proportion of assets which either have a low level of liquidity or which, under certain circumstances, may have a low level of liquidity. As a result, it is possible that these assets cannot be sold or can only be sold at a significant discount. Consequently, a high level of redemptions may lead to an increased risk of redemptions being suspended. For this reason we may not be able to pay your money back, or not immediately, and/or the fund price may fall.

A significant portion of the Fund may be invested in emerging market assets. Emerging markets generally carry greater political, legal, counterparty and operational risk. In exceptional circumstances the Fund may encounter difficulties when buying and selling these investments.

Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

Allianz Global Investors Fund - Allianz Emerging Markets Sovereign Bond Share Class AT (H2-EUR)

Managed by Allianz Global Investors GmbH, part of
Allianz Global Investors

ISIN: LU1958620103
WKN: A2PEXX

Objectives and Investment Policy

Long term capital growth by investing in global emerging bond markets.

Min. 70% of Sub-Fund assets are invested by us in bonds of Emerging Market Countries as described in the investment objective or in bonds issued by countries that are constituents of the JP Morgan EMBI Global Diversified. Max. 30% of the Sub-Fund assets may be invested by us in corporate bonds. Excluded from the aforementioned limit are quasi-sovereigns bonds that are owned more than 50% or guaranteed by the national government of an Emerging Market Country or of a country which is a constituent of the JP Morgan EMBI Global Diversified. Sub-Fund assets may be invested by us in High-Yield bonds bearing a typically higher risk and higher potential of gains, however also bonds that are only rated CC, C or D (Standard and Poor's) may also be acquired by us. Max. 20% of Sub-Fund assets may be invested by us in ABS and/or MBS. Max. 100% Sub-Fund assets may be held in deposits and/or may be invested directly in Money Market Instruments and/or (up to 10% of Sub-Fund assets) in money market funds on a temporary basis for

liquidity management and/or defensive purpose. Max. 20% non-USD Currency Exposure. The duration of the Sub-Fund assets shall be between 1 and 10 years.

Exposure to the base currency of the fund (USD) will be hedged to a large extent against the reference currency of the shareclass (EUR) which reduces the potential risks and limits potential gains from exchange rate movements.

You may redeem shares of the fund usually on each business day.

We reinvest the income into the fund.

Recommendation: the Share Class of the Fund should be held for at least a medium-term investment horizon.

Derivatives may be used to offset exposure to price fluctuations (hedging), to take advantage of price differences between two or more markets (arbitrage) or to multiply gains although it may also multiply losses (leverage).

Risk and Reward Profile

← Typically lower rewards
← Typically lower risk

Typically higher rewards →
Typically higher risk →

This risk and reward indicator is based on past performance data. It may not be a reliable indication of the future risk profile of the fund.

The categorisation of the fund is not guaranteed and may change in the future.

Even the lowest category 1 does not mean a risk-free investment.

Why is the fund in this category?

Funds of category 4 have shown in the past a medium volatility. The volatility describes how much the value of the fund went up and down in the past. The units of a fund of category 4 might be subject to medium price fluctuations based on the historical volatilities observed.

The following material risks are not fully captured by the risk and reward indicator:

We may invest directly or indirectly a significant portion of the fund into bonds or money markets instruments. If the issuer may fall into insolvency or may suffer economical problems the interest and/or the capital of these assets may not or may not be completely paid and/or the price of the assets may drop.

The fund contains a material proportion of assets which either have a low level of liquidity or which, under certain circumstances, may have a low level of liquidity. As a result, it is possible that these assets cannot be sold or can only be sold at a significant discount. Consequently, a high level of redemptions may lead to an increased risk of redemptions being suspended. For this reason we may not be able to pay your money back, or not immediately, and/or the fund price may fall.

A significant portion of the Fund may be invested in emerging market assets. Emerging markets generally carry greater political, legal, counterparty and operational risk. In exceptional circumstances the Fund may encounter difficulties when buying and selling these investments.

Charges

These charges are used to pay the costs of running the fund, including the costs of marketing and selling. They reduce the potential growth of your investment.

One-off charges deducted before or after you invest

Entry Charge	5.00%
Exit Charge	0.00%

This is the maximum charge that might be taken out of your money before it is invested or before the proceeds of your investments are paid out.

Charges taken from the fund over a year

Ongoing Charges	1.50%
-----------------	-------

The entry and exit charges shown are maximum figures. In some cases you might pay less – you can find actual entry and exit charges from your financial adviser.

The ongoing charges figure shown here is an estimate of the charges. It does not include transaction costs incurred when we buy or sell assets for the fund.

You will find more details about the calculation of the charges by checking the respective part of the prospectus.

Past Performance

We do not yet have performance data for one complete year. Therefore we can not provide a useful indication of past performance to you.

1. THE TYPE OF MERGER AND THE FUNDS INVOLVED

1.1. Type of merger

The type of merger proposed is that set out in sub-section (c) of the definition of "merger" in Part 1, section 3(1) of the Regulations (corresponding to article 2(1)(p)(iii) of the UCITS Directive), being a merger whereby one or more UCITS or sub-funds thereof, which continue to exist until their liabilities have been discharged, transfer their net assets to another sub-fund of the same UCITS, to a UCITS which they form or to another existing UCITS or sub-fund thereof.

1.2. Funds involved

The Merging Fund is a sub-fund of AGIF VII which is an open-ended unit trust established as a UCITS under the UCITS Regulations and constituted by the Trust Deed.

The Receiving Fund is a sub-fund of AGIF which is established in the form of a *société anonyme* qualifying as a *société d'investissement à capital variable* (SICAV) and is authorised in Luxembourg by the CSSF as a UCITS pursuant to the Luxembourg Law.

1.3. Verification

In accordance with regulation 59 of the Regulations (corresponding to article 41 of the UCITS Directive), the AGIF VII Trustee and AGIF Depositary will each, in respect of the Merging Fund and the Receiving Fund respectively, provide written verification of the type of merger referred to at 1.1 above, to the Central Bank.

2. BACKGROUND TO AND RATIONALE FOR THE MERGER

The Directors of the Manager and the Board of Directors of the SICAV have approved the proposal of Allianz Global Investors GmbH, the Investment Manager of the Merging and Receiving Fund, to merge the Merging Fund and the Receiving Fund. This will streamline the product offering in the fixed income space and offer investors the opportunity to keep invested in an attractive strategy within the product category.

The Scheme will also result in better economies of scale in the long term and greater levels of operational efficiency, both of which should lead to longer term cost savings for Unitholders. Moreover, higher levels of operational efficiency will likely be realised as a consequence of reduced operational and administrative burden. It is also expected that the Scheme will result in a greater number of distribution opportunities for the Receiving Fund, which would increase subscriptions and ensure economies of scale and greater shareholder diversification.

3. EXPECTED IMPACT OF THE MERGER ON MERGING FUND UNITHOLDERS AND RECEIVING FUND SHAREHOLDERS

- 3.1. In the event that the Merger is approved by the Merging Fund Unitholders, the Merging Fund Unitholders will receive New Shares in accordance with the terms set out herein.

- 3.2. AGIF is domiciled in Luxembourg and is regulated by the CSSF pursuant to Part I of the Luxembourg Law. AGIF VII is domiciled in Ireland and is regulated by the Central Bank pursuant to the Regulations. AGIF VII is established as an open-ended unit trust. AGIF is established in the form of a *société anonyme* qualifying as a *société d'investissement à capital variable* (SICAV). AGIF has appointed the AGIF Depositary and (through its management company, Allianz Global Investors GmbH), the AGIF Registrar and Transfer Agent as its depositary and administrator respectively and the Manager has appointed the AGIF VII Trustee and the AGIF VII Administrator as its trustee and administrator of the Merging Fund respectively. AGIF has an accounting year end of 30 September and AGIF VII has an accounting year end of 31 December. Each of the Merging Fund and the Receiving Fund has the same investment manager. AGIF and the Manager each has a different board of directors and have appointed auditors in Luxembourg and Ireland, respectively. The synthetic risk and reward indicator ("SRRI") which is set out in the key investor information

document for a UCITS is a measure of a fund's volatility. The SRRI for the Merging Fund and the Receiving Fund is 4. Both the Merging Fund and the Receiving Fund are suitable for investors seeking capital growth.

3.3. Merging Fund

3.3.1. Impact on assets of the Merging Fund

The Merger will involve the delivery and/or transfer of the net assets of the Merging Fund to the AGIF Depositary to be held on behalf of the Receiving Fund in exchange for the issue of New Shares in the Receiving Fund to AGIF VII Unitholders on the Effective Date.

3.3.2. Impact on holding

Under the terms of the Merger, AGIF VII Unitholders will receive New Shares having an equivalent value to their holding of Existing Units on the Effective Date. AGIF VII Unitholders holding fractions of Existing Units will receive fractions of New Shares in the Receiving Fund. Appendix 1 contains a table setting out the proposed New Share classes to be issued in respect of each Existing Unit class.

The net asset value of the Merging Fund on the Effective Date will be calculated in accordance with the valuation methodology of AGIF VII as set out in its Prospectus and Constitutional Document. The net asset value of the Receiving Fund on the Effective Date and following the delivery and/or transfer of the net assets of the Merging Fund to the Receiving Fund will be calculated in accordance with the valuation methodology of AGIF as set out in its Prospectus and Constitutional Document. The net asset value of the Merging Fund and the Receiving Fund will not be known until after the Effective Date.

3.3.3. Impact on performance of Merging Fund

On the basis that the investment objective and policies of the Merging Fund and the Receiving Fund are similar, the Merger should not alter the performance experienced by AGIF VII Unitholders. The Merging Fund will not bear the legal, advisory or administrative costs of the Merger. As the investment objective and policies of the Merging Fund and the Receiving Fund are similar, and the portfolio of assets of the Merging Fund comprises eligible assets for the purposes of the portfolio of assets which can be held by the Receiving Fund, it is not expected that any repositioning of the portfolio of the Merging Fund will be required before the Merger can become effective.

3.3.4. Impact on rights of AGIF VII Unitholders

The Merging Fund is an existing sub-fund in an Irish UCITS authorised by the Central Bank and the Receiving Fund is an existing sub-fund in a Luxembourg UCITS authorised by the CSSF. A table setting out the shares to be received by holders of Existing Units is contained in Appendix 1. The New Shares will operate in a similar way as the Existing Units as regards subscriptions, redemptions, conversions and payment of distributions. The AGIF VII Circular seeking Merging Fund Unitholders' approval of the Merger, will include details of the principal differences and principal similarities between the Merging Fund and the Receiving Fund. Merging Fund Unitholders will be advised to consult their own professional advisers as to the tax implications of the Merger.

It is not expected that there will be any material difference in the rights of Merging Fund Unitholders before and after the Merger takes effect.

3.3.5. Impact on tax status of Merging Fund and tax treatment for Merging Fund Unitholders

If the Merger is approved by the Merging Fund Unitholders, the exchange and cancellation of the Existing

Units in return for the issue of New Shares shall not give rise to an Irish tax liability for the Merging Fund Unitholders. In the event that New Shares are subsequently disposed of by the Merging Fund Unitholders, Irish tax legislation would deem such New Shares to have been acquired at the date and at the price that the Existing Units were originally acquired. If the Merging Fund Unitholders request the repurchase of their Existing Units, this would constitute a taxable event for Irish tax purposes and would be subject to the same tax consequences as any disposal of Units in AGIF VII.

Following the Merger, no Irish tax should arise for the Merging Fund Unitholders which are non-Irish tax resident in respect of their New Shares and Irish tax declarations will no longer be required.

The substantive Irish tax treatment for Merging Fund Unitholders who are Irish tax resident or ordinarily resident will remain the same, following the Merger. Merging Fund Unitholders who are Irish tax resident or ordinarily resident (and not exempt investors) will continue to be subject to Irish tax at the rate of 41% where the Merging Fund Unitholder is not a company or 25% where the Merging Fund Unitholder is a company (and the income is not taken into account as a receipt of a trade carried on by that Merging Fund Unitholder). However, there are some key differences:

- The Merging Fund Unitholders will be required to self-account for the Irish tax on distributions and redemptions in their own Irish tax returns each year. Historically, the Merging Fund would have deducted the Irish tax as exit tax and paid it to the Irish Revenue Commissioners on the Merging Fund Unitholders' behalf. This will no longer be the case.
- The 8 year deemed disposal rule will continue to apply and the Merging Fund Unitholders will be required to self-account for Irish tax every eight years. The 8 year period is calculated by reference to the original date of acquisition of the Existing Units by the Merging Fund Unitholders.
- The Merging Fund Unitholders will be obliged to deliver a tax return to the Irish Revenue Commissioners in the year in which they acquire the New Shares. The return will need to include the name and address of the Receiving Fund and a description of the New Shares acquired (including the cost to the Merging Fund Unitholder).

Merging Fund Unitholders who are Irish tax resident or ordinarily resident should obtain tax advice in relation to holding the New Shares to ensure that they submit their tax returns correctly each year.

No stamp duty, documentary, transfer or registration tax would be payable in Ireland by the Merging Fund Unitholders on the disposal of their Existing Units or on the issuance of New Shares.

3.3.6. General

Neither the Existing Units nor the New Shares are or will be listed on a stock exchange.

The Receiving Fund is registered for sale in each EU member state in which the Merging Fund is registered for sale.

In addition to this document containing details of the common terms of merger, the Merging Fund Unitholders will receive the AGIF VII Circular containing details of the Merger and details of the extraordinary general meeting to be held to allow Merging Fund Unitholders to vote on the Merger. The AGIF VII Circular will also contain details of the rights of Merging Fund Unitholders to request a repurchase of their units in the Merging Fund, as the case may be, at no cost (other than those retained to cover disinvestment costs), such

right to be exercisable from the date of issue of the AGIF VII Circular up to 6:00am (Irish time) on 21 October 2019.

Merging Fund Unitholders must satisfy all anti-money laundering requirements pursuant to relevant anti-money laundering legislation in order to participate in the Merger.

3.3.7. After the Effective Date

If the Resolution to approve the Merger is passed, the Merger will be binding on all Merging Fund Unitholders on the register of members of the Merging Fund on the Effective Date. Consequently Merging Fund Unitholders will be issued New Shares without any further action on their part, whether or not they voted in favour of the Merger or voted at all.

Merging Fund VII Unitholders who do not wish to take part in the Merger must submit a redemption request by the final redemption date prior to the Effective Date in order to have their Units in the Merging Fund redeemed.

On implementation of the Merger, the Merging Fund shall cease operations on the first business day following the Effective Date. Following this date, AGIF VII will fully wind-up all the affairs of the Merging Fund in accordance with the terms of its Constitutional Document and the requirements of the Central Bank.

3.4. Receiving Fund

3.4.1. Impact on assets of Receiving Fund

The Merger will involve the delivery and/or transfer of the net assets of the Merging Fund to the AGIF Depositary to be held on behalf of the Receiving Fund. The Receiving Fund will not bear the legal, advisory or administrative costs of the Merger.

3.4.2. Impact on shareholding of AGIF Shareholders

The merger does not cause any significant economic changes for investors in the Receiving Fund. Shareholders in the Receiving Fund have received a circular detailing the Merger.

3.4.3. After the Effective Date

See details set out at 3.3.7 above.

4. THE CRITERIA TO BE ADOPTED FOR THE VALUATION OF THE ASSETS ON THE DATE FOR CALCULATING THE EXCHANGE RATIO

As provided above, the net asset value of the Merging Fund on the Effective Date will be calculated on the Valuation Point in accordance with the valuation methodology of AGIF VII as set out in its Prospectus and Constitutional Document. The net asset value of the Receiving Fund following the delivery and/or transfer of the net assets of the Merging Fund to the Receiving Fund will be calculated in accordance with the valuation methodology of AGIF as set out in its Prospectus and Constitutional Document. The valuation methodology for the assets of the Merging Fund is substantially similar to that of the Receiving Fund. The net asset value of the Merging Fund will not be known until after the Effective Date.

For the avoidance of doubt, the New Shares to be issued to Unitholders will be calculated in accordance with the

exchange ratio outlined below.

5. THE CALCULATION METHOD FOR THE EXCHANGE RATIO

The number of New Shares to be issued to each Unitholder will be calculated using the exchange ratio below. Once the New Shares have been issued, the relevant Units in the Merging Fund will then be cancelled.

$$S = \frac{R \times NAV}{SP}$$

where:-

S = the number of New Shares in the Receiving Fund that will be issued;

R = the number of Units held by the Unitholder in the Merging Fund on the Effective Date;

NAV = the last net asset value per Unit of the relevant Unit Class in the Merging Fund calculated as at the Valuation Point on the Effective Date, calculated in accordance with the Constitutional Document of AGIF VII;

SP = the initial issue price per New Share of the relevant New Share Class in the Receiving Fund. In accordance with the above provisions, Shareholders in the Receiving Fund will receive such number of New Shares as calculated in accordance with the exchange ratio above.

In accordance with Regulation 60 of the Regulations (corresponding to article 42 of the UCITS Directive), the Independent Auditor of the Receiving Fund, PricewaterhouseCoopers Société coopérative, will validate the following: (a) the criteria adopted for the valuation on the assets and where applicable, the liabilities of the Merging Fund on the date for calculating the exchange ratio and; (b) the calculation method of the exchange ratio as well as the actual exchange ratio determined at that date for calculating that ratio. Following the Effective Date, the Independent Auditor of the Receiving Fund, PricewaterhouseCoopers Société coopérative, will prepare a report with details of its findings in relation to the above which will be available on request and free of charge to both Merging Fund Unitholders and AGIF Shareholders. A copy of this report will also be available to the Central Bank.

No cash payment shall be made to the Merging Fund Unitholders in exchange for the assets.

6. THE EFFECTIVE DATE OF THE MERGER

Subject to the approval of the Central Bank, the Effective Date of the Merger is to be 11:59 pm (Irish time) on 30 October 2019 or such later date as may be determined by the Directors and notified to the Merging Fund Unitholders in advance. Merging Fund Unitholders shall receive advance notification of any proposed change in the Effective Date. Such notification will be made in any manner which is described in the AGIF VII Circular or by any established communication method which Merging Fund Unitholders usually receive information in relation to AGIF VII, as appropriate, including via regulatory announcements or electronic communication.

In accordance with Regulation 59 of the Regulations (corresponding to article 41 of the UCITS Directive), the AGIF VII Trustee and AGIF Depositary will each, in respect of AGIF VII and AGIF respectively, provide written verification of the Effective Date to the Central Bank.

7. THE RULES APPLICABLE, RESPECTIVELY, TO THE TRANSFER OF ASSETS AND THE EXCHANGE OF EXISTING SHARES FOR NEW SHARES

All the net assets of the Merging Fund will be transferred to the Receiving Fund on the Effective Date in exchange for the issue of New Shares. Merging Fund Unitholders participating in the Merger will receive New Shares directly in exchange for their Existing Units in accordance with the exchange ratio as set out above.

Merging Fund Unitholders participating in the Merger will receive written notification from the AGIF Registrar and Transfer Agent confirming their holding of New Shares within five (5) days of the Effective Date.

On the Effective Date, the AGIF VII Trustee will arrange to record the delivery and/or transfer of the net assets of the Merging Fund to the Receiving Fund by noting that, as and from the Effective Date, it holds all of such net assets (to include any cash or securities accounts) on behalf of the Receiving Fund.

Any taxes and duties, including transfer taxes and stamp duty, payable upon the acquisition by AGIF of the property of the Merging Fund, as a result of the Implementation of the Merger, will be paid by the Receiving Fund. However, the transfer of the property of the Merging Fund pursuant to the Merger should not give rise to any charge to Irish stamp duty.

8. CONSTITUTIONAL DOCUMENT

In accordance with article 39 of the UCITS Directive, each of the AGIF VII Trustee and AGIF Depositary will provide written verification to the Central Bank that the provisions outlined above are in accordance with the provisions of the Constitutional Document of AGIF VII and AGIF respectively, and the UCITS Directive.
